

Miss Frances HENRY (1811-48) was the daughter of Dr William HENRY (1774-1836) M.D. FRS.

He was the son of Thomas HENRY (1734-1816) FRS.

(Her brother was also FRS, a remarkable hat-trick.)

You may read ~~at~~ about them in the Dictionary of National Biography. They were distinguished scientists, chiefly in the field of chemistry, who applied their research and important discoveries to industry and agriculture.

She married George Humphrys (1801-73) in 1832.
